MEMORANDUM

TO: General Policy Board Members

FROM: Laura DeYoung Minnig, Environmental Planner

DATE: December 12, 2018

SUBJECT: Consideration of an Amendment to the Clean Water Plan to Update the Akron Facilities Planning Area Boundary and Wastewater Prescription for the parcel located at 3622 Everett Road in Bath Township

What’s being requested:
The City of Akron is proposing a 201/208 Facilities Planning Area (FPA) amendment to change the Facilities Planning Area boundary and wastewater prescription for Parcel No. 0402659 located at 3622 Everett Road in Bath Township. The property owner has requested that a 201/208 Clean Water Plan Amendment be prepared and submitted for approval in order to allow this parcel to be served by the Village of Richfield’s sanitary sewer system in the Cuyahoga Valley Interceptor (CVI) Facilities Planning Area (see attached letter).

Background:
The Board of Education of the Revere Local School District is constructing a new transportation facility for Revere Local Schools buses on the property located at 3622 Everett Road in Bath Township. The parcel is currently located within the Akron FPA boundary (see Figure 1). The City of Akron does not have an existing sanitary sewer located in this area. The Village of Richfield has an existing 8-inch sanitary sewer located within the Everett Road right-of-way to which the new facility would be connected. This sanitary sewer is tributary to the Northeast Ohio Regional Sewer District (NEORSD) Southerly Wastewater Treatment Plant which discharges to the Cuyahoga River.

Facilities Planning Area (FPA) boundary:
The property is currently located within the Akron Facilities Planning Area (see Figure 2). Under the proposed amendment, the parcel will be transferred to the Cuyahoga Valley Interceptor Facilities Planning Area (see Figure 3).

Wastewater prescription change:
The wastewater prescription for this parcel is currently the Akron FPA, Bath Water and Sewer District Jurisdiction prescription for “Areas that will be Served by On-site Nondischarging Systems” (cream red-ticked) (see Figure 2). The wastewater prescription for this parcel will be changed to the Richfield Village Jurisdiction prescription for “Areas Programmed for Sewers within the Next 20 Years” (orange) (see Figure 3).
Local governments/agencies affected:
Summit County Department of Sanitary Sewer Services, Bath Water and Sewer District, Northeast Ohio Regional Sewer District, Village of Richfield, Bath Township, and Summit County Public Health.

Public notification efforts:
A Legal Notice was placed in the Akron Beacon Journal on November 17, 2018 (attached).

On November 21, 2018, the City of Akron sent letters requesting support to the Summit County Department of Sanitary Sewer Services, Bath Township, Bath Water and Sewer District, Summit County Public Health, the Northeast Ohio Regional Sewer District, and the Village of Richfield. On November 27, 2018, the same parties were sent a letter of clarification stating that a letter of support was requested but not required. The letter of clarification attached a comment response form instead. Please note that, in accordance with NEFCO’s guidelines, the recipients have a maximum of 45 days upon receipt of the proposed amendment to respond with comments.

Staff recommendation:
Staff recommends conditional approval giving Bath Township and the Bath Water and Sewer District time to comment.

Environmental Resources Technical Advisory Committee (ERTAC) Recommendation to the NEFCO General Policy Board (GPB):
ERTAC approved a motion to recommend to the GPB conditional approval providing Bath Township and the Bath Township Water and Sewer District make no objections by January 3rd.

NEFCO General Policy Board Action:
At the December 20, 2018 GPB meeting, Resolution FY2019-012 was conditionally-approved, to transfer parcel No. 0402659 located at 3622 Everett Road in Bath Township from the Akron Facilities Planning Area (FPA) to the Cuyahoga Valley Interceptor FPA; and to change the wastewater prescription from “Areas that will be Served by On-site Nondischarging Systems” to “Areas Programmed for Sewers within the next 20 years”. The condition was if Bath Township and the Bath Township Water and Sewer District (BTWSD) made no objections by January 3, 2019. Bath Township had no comments. The BTWSD requested additional time to comment on the amendment on December 20, 2018, which was the day after the GPB meeting and its passing of Resolution No. FY2019-012.

At the January 16, 2019 GPB meeting, Resolution No. FY2019-016 was approved, with a revision, to provide the BTWSD an additional 14 days to comment on Resolution FY2019-012. BTWSD then sent a letter of consent for the Amendment to the Clean Water Plan to update the Akron Facilities Planning Area Boundary and Wastewater Prescription for the parcel located at 3622 Everett Road in Bath Township. This letter was received within the 14-day extension approved in Resolution No. FY2019-016-Revised.

Because the condition has been met as set forth in Resolution FY2019-012 and clarified in Resolution FY2019-16-Revised, the requested amendment is approved.
RESOLUTION OF THE GENERAL POLICY BOARD OF THE NORTHEAST OHIO FOUR COUNTY REGIONAL PLANNING AND DEVELOPMENT ORGANIZATION (NEFCO) CONDITIONALLY APPROVING AN AMENDMENT TO THE CLEAN WATER PLAN FOR THE CITY OF AKRON FACILITIES PLANNING AREA TO CHANGE THE FPA BOUNDARY BY TRANSFERRING PARCEL NO. 0402659 LOCATED AT 3622 EVERETT ROAD IN BATH TOWNSHIP TO THE CUYAHOGA VALLEY INTERCEPTOR FACILITIES PLANNING AREA AND TO CHANGE THE WASTEWATER PRESCRIPTION FOR THIS PARCEL FROM “AREAS THAT WILL BE SERVED BY ON-SITE NONDISCHARGING SYSTEMS” TO “AREAS PROGRAMMED FOR SEWERS WITHIN THE NEXT 20 YEARS”

WHEREAS, NEFCO is the designated water quality management planning agency for Portage, Stark, Summit and Wayne Counties; and

WHEREAS, as part of that designation it is NEFCO’s responsibility to coordinate the use and update of its Clean Water Plan, also known as the 208 Plan; and

WHEREAS, NEFCO has been requested by the City of Akron to consider an amendment to the Clean Water Plan to modify the Akron Facilities Planning Area (FPA) to transfer parcel No. 0402659 located at 3622 Everett Road in Bath Township to the Cuyahoga Valley Interceptor FPA; and

WHEREAS, the transfer of parcel No. 0402659 located at 3622 Everett Road in Bath Township from the Akron FPA to the Cuyahoga Valley Interceptor FPA includes a modification of the FPA boundary; and

WHEREAS, the request includes amending the wastewater prescriptions for this parcel from “Areas that will be Served by On-site Nondischarging Systems” to “Areas Programmed for Sewers within the next 20 years;” and

WHEREAS, the City of Akron does not have an existing sanitary sewer located in this area; and the Village of Richfield has an existing 8-inch sanitary sewer located within the Everett Road right-of-way to which the new facility would be connected; and this sanitary sewer is tributary to the Northeast Ohio Regional Sewer District (NEORSD) Southerly Wastewater Treatment Plant which discharges to the Cuyahoga River; and

WHEREAS, all affected local governments and management agencies have indicated no objection to the proposed amendments with the exception of Bath Township and the Bath Water and Sewer District who have yet to respond; and

WHEREAS, the Ohio Environmental Protection Agency (Ohio EPA) has requested NEFCO’s approval of this amendment as a step in its permitting process; and

WHEREAS, the NEFCO Environmental Resources Technical Advisory Committee (ERTAC) performed a technical review of this request and recommended conditional approval providing Bath Township and the Bath Water and Sewer District make no objections by January 3rd.
NOW, THEREFORE, BE IT RESOLVED that the NEFCO General Policy Board conditionally approves this amendment, with the condition being that Bath Township and the Bath Water and Sewer District make no objections by January 3rd, to transfer parcel No. 0402659 located at 3622 Everett Road in Bath Township to the Cuyahoga Valley Interceptor Facilities Planning Area and to change the wastewater prescription for this parcel from "Areas that will be Served by On-site Nondischarging Systems" to "Areas Programmed for Sewers within the next 20 years". Furthermore, the Board directs staff to incorporate this amendment into NEFCO’s Clean Water Plan and to transmit pertinent amendment materials to the City of Akron, Northeast Ohio Regional Sewer District, Village of Richfield, Bath Township, Bath Sewer and Water District, Summit County Department of Sanitary Sewer Services, Summit County Public Health, and the Ohio EPA.

Certified as action taken by the NEFCO General Policy Board at its regular meeting held on December 19, 2018.

Daniel Morganti, Chairman
NEFCO General Policy Board
MEMORANDUM

TO: General Policy Board Members

FROM: Laura DeYoung Minnig, Environmental Planner

DATE: January 16, 2019

SUBJECT: Consideration of an extension of the comment period for the Bath Township Water and Sewer District to comment on the December 19, 2018 Conditionally-Approved Amendment to the Clean Water Plan for the Akron Facilities Planning Area boundary and wastewater prescription for the parcel located at 3622 Everett Road in Bath Township -- REVISED

At the December 19, 2018 General Policy Board (GPB) meeting, in Resolution No. FY2019-012, conditional approval was given for the transfer of parcel No. 0402659 located at 3622 Everett Road in Bath Township from the Akron Facilities Planning Area (FPA) to the Cuyahoga Valley Interceptor FPA, and to change the wastewater prescription for this parcel from “Areas that will be Served by On-site Nondischarging Systems” to “Areas Programmed for Sewers within the next 20 years”. The resolution’s condition was that Bath Township and the Bath Township Water and Sewer District make no objections by January 3, 2019 (see attached Resolution No. FY2019-012).

The 45-day period for Bath Township and Bath Township Water and Sewer District to comment expired on January 3, 2019. Bath Township had no comments. However, on December 20, 2018, the Bath Township Water and Sewer District requested additional time to comment on the amendment (see attached form).

At its January 2, 2019 meeting, the ERTAC passed a motion to recommend to the GPB that the Bath Township Water and Sewer District be given additional time beyond January 3, 2019 to comment on the amendment.

Staff recommends that if the NEFCO Board wants to provide a deadline for comment that 14 days should be sufficient as the Bath Township Sewer and Water District meets on January 22nd and plans to make its comments at that time. The ERTAC left the time allowing Bath Township Water and Sewer District to comment open ended. Richard Blasick, Environmental Manager for Division of Surface Water, NEDO, has suggested that the NEFCO Board identify how much more time is being allotted; that another 14 or 30 days would be appropriate, i.e. from (dates to be specified by the Board to ______). Attached is Resolution No. FY2019-016 for your consideration. If the Board agrees with adding a time allotment, staff can update this resolution accordingly.
RESOLUTION OF THE GENERAL POLICY BOARD OF THE NORTHEAST OHIO FOUR COUNTY REGIONAL PLANNING AND DEVELOPMENT ORGANIZATION (NEFCO) TO EXTEND THE COMMENT PERIOD IN ORDER TO ALLOW THE BATH TOWNSHIP WATER AND SEWER DISTRICT ITS REQUESTED ADDITIONAL TIME TO COMMENT ON THE CONDITIONALLY-APPROVED AMENDMENT, RESOLUTION NO. FY2019-012, TO THE CLEAN WATER PLAN FOR THE CITY OF AKRON FACILITIES PLANNING AREA TO CHANGE THE FPA BOUNDARY BY TRANSFERRING PARCEL NO. 0402659 LOCATED AT 3622 EVERETT ROAD IN BATH TOWNSHIP TO THE CUYAHOGA VALLEY INTERCEPTOR FACILITIES PLANNING AREA, AND TO CHANGE THE WASTEWATER PRESCRIPTION FOR THIS PARCEL FROM “AREAS THAT WILL BE SERVED BY ON-SITE NONDISCHARGING SYSTEMS” TO “AREAS PROGRAMMED FOR SEWERS WITHIN THE NEXT 20 YEARS”

WHEREAS, NEFCO is the designated water quality management planning agency for Portage, Stark, Summit and Wayne Counties; and

WHEREAS, as part of that designation it is NEFCO’s responsibility to coordinate the use and update of its Clean Water Plan, also known as the 208 Plan; and

WHEREAS, the NEFCO General Policy Board Resolution No. FY2019-012 conditionally-approved an amendment, with the condition being that Bath Township and the Bath Township Water and Sewer District make no objections by January 3, 2019, to transfer parcel No. 0402659 located at 3622 Everett Road in Bath Township to the Cuyahoga Valley Interceptor Facilities Planning Area and to change the wastewater prescription for this parcel from “Areas that will be Served by On-site Nondischarging Systems” to “Areas Programmed for Sewers within the next 20 years”; and

WHEREAS, the Bath Township Water and Sewer District, on December 20, 2018, requested additional time to comment on this amendment; and

WHEREAS, the NEFCO Environmental Resources Technical Advisory Committee (ERTAC), at its January 2, 2019 meeting recommended extending the comment period for the Bath Township Water and Sewer District beyond January 3, 2019.

NOW, THEREFORE, BE IT RESOLVED that the NEFCO General Policy Board approves the extension of the comment period for the Bath Township Water and Sewer District to allow additional time to comment beyond January 3, 2019, until January 30, 2019, on the conditionally-approved amendment, Resolution No. FY2019-012, to transfer parcel No. 0402659 located at 3622 Everett Road in Bath Township to the Cuyahoga Valley Interceptor Facilities Planning Area and to change the wastewater prescription for this parcel from “Areas that will be Served by On-site Nondischarging Systems” to “Areas Programmed for Sewers within the next 20 years”.

Certified as action taken by the NEFCO General Policy Board at its regular meeting held on January 16, 2019.

Re: Akron 201/208 Facilities Planning Area Amendment
3622 Everett Road (Parcel No. 0402659)

Dear Ms. Hanna:

The purpose of this letter is to formally request a 201/208 Facilities Planning Area (FPA) amendment to change the FPA boundary and wastewater prescription for Parcel No. 0402659 located at 3622 Everett Road in Bath Township in order to allow this parcel to be served by the Village of Richfield sanitary sewer system in the Cuyahoga Valley Interceptor (CVI) service area.

Please prepare and submit the information required to complete the 201/208 Facilities Planning Area amendment process.

If you have any questions, please contact Cathy Bedell at Bedell Tucci, LLC.

Sincerely,

[Signature]
Richard Berdine, Treasurer

PUBLIC NOTICE AND REQUEST FOR COMMENTS
PROPOSED AKRON FACILITIES PLANNING AREA BOUNDARY LINE AND WASTEWATER PRESCRIPTION CHANGE
The City of Akron is proposing a 201/208 Facilities Planning Area (FPA) amendment to change the Facilities Planning Area boundary and wastewater prescription for Parcel No. 040259 located at 3622 Everett Road in Bath Township. This amendment is necessary in order to allow this property to connect to the existing Village of Richfield sanitary sewer located within the Everett Road right-of-way. This sanitary sewer is tributary to the Northeast Ohio Regional Sewer District (NEORSD) Southerly Wastewater Treatment Plant which discharges to the Cuyahoga River.
The parcel is currently located within the Akron Facilities Planning Area and the wastewater prescription is the Akron FPA, Bath Township Water and Sewer District Jurisdiction prescription for “Areas that will be Served by On-site Nondischarging Systems”.
Under the proposed FPA amendment, the parcel will be transferred to the Cuyahoga Valley Interceptor (CVI) Facilities Planning Area and the wastewater prescription for this parcel will be changed to the Richfield Village jurisdiction prescription for “Areas Programmed for Sewers Within the Next 20 Years”.
Comment period will end at the close of business December 3, 2018.

Comments and requests for additional information may be directed to Genny Hanna, Akron Engineering Bureau, 166 S. High Street, Room 701, Akron, OH 44308, 330-375-2355, GHanna@akronohio.gov.

Re: Akron 201/208 Facilities Planning Area Amendment  
Revere Transportation Facility  

The City of Akron is preparing a request for a 201/208 Facilities Planning Area (FPA) 
 amendment to change the Facilities Planning Area boundary and wastewater prescription for 
 Parcel No. 0402659 located at 3622 Everett Road in Bath Township. The property owner has 
 requested that a 201/208 Facilities Planning Amendment be prepared and submitted for 
 approval in order to allow this parcel to be served by the Village of Richfield sanitary sewer 
 system in the Cuyahoga Valley Interceptor (CVI) service area. 

The Board of Education of the Revere Local School District is constructing a new transportation 
 facility for Revere Local Schools buses on the property located at 3622 Everett Road in Bath 
 Township. The parcel is currently located within the Akron FPA boundary. The City of Akron 
 does not have an existing sanitary sewer located in this area. The Village of Richfield has an 
 existing 8-inch sanitary sewer located within the Everett Road right-of-way to which the new 
 facility will be connected. This sanitary sewer is tributary to the Northeast Ohio Regional Sewer 
 District (NEORSD) Southerly Wastewater Treatment Plant which discharges to the Cuyahoga 
 River.
The proposed amendment will modify the Facilities Planning Boundary to transfer this parcel from the Akron FPA from the CVI FPA (see attached maps). The wastewater prescription for this parcel is currently the Akron FPA, Bath Township Water and Sewer District Jurisdiction prescription for “Areas that will be Served by On-site Nondischarging Systems” (cream red-ticked). The wastewater prescription for this parcel will be changed to the Richfield Village Jurisdiction prescription for “Areas Programmed for Sewers Within the Next 20 Years” (orange).

The City of Akron requests that you please review the attached amendment information and provide a letter of support for the proposed 201/208 Facilities Planning Area Amendment to my attention. This letter will be included in the documentation that is submitted to NEFCO. In order to allow this amendment to be placed on the next NEFCO meeting agenda, assuming all other required documentation is complete, please provide a response by November 30, 2018.

If you have any questions, please contact me at (330) 375-2355 or GHanna@akronohio.gov.

Sincerely,

Genny Hanna, P.E.
Acting Environmental Division Manager

Re: Akron 201/208 Facilities Planning Area Amendment
Revere Transportation Facility – Clarification

You were previously sent a letter, dated November 19, 2018, regarding a request for a 201/208 Facilities Planning Area (FPA) amendment to change the Facilities Planning Area boundary and wastewater prescription for Parcel No. 0402659 located at 3622 Everett Road in Bath Township that is being prepared by the City of Akron.

This letter is being sent in order to clarify that a letter of support can be submitted in response to the letter, but is not required. You may respond to the City of Akron by using the attached comment response form. In accordance with NEFCO's guidelines, you have a maximum of 45 days upon receipt of the proposed amendment to respond with comments. In order to allow this amendment to be placed on the next NEFCO meeting agenda, assuming all other required documentation is complete, a response is requested by November 30, 2018.

If you have any questions, please contact me at 330-375-2355 or GHanna@akronohio.gov.

Sincerely,

Genny Hanna, P.E.
Acting Environmental Division Manager

RE:   AKRON 201/208 FACILITIES PLANNING AREA AMENDMENT
      REVERSE TRANSPORTATION FACILITY

Dear Ms. Hanna:

The Summit County Department of Sanitary Sewer Services (DSSS) has reviewed the City of Akron's request for a 201/208 Facilities Planning Area boundary and wastewater prescription for Parcel No. 0402659 located at 3622 Everett Road in Bath Township.

DSSS has no objection to the proposed FPA boundary and wastewater prescription change for the location indicated above, as detailed in your correspondence dated November 19, 2018.

If you should have any questions or need additional information pertaining to our comments, please do not hesitate to contact the undersigned at (330)-926-2477.

Respectfully,

ROSS A. NICHOLSON, P.E.

Re: Akron 201/208 Facilities Planning Area Amendment, Revere Transportation Facility

Dear Genny Hanna,

I am writing to express support from Summit County Public Health for the facility planning area amendment that will provide sanitary sewer service for the proposed Revere Transportation Facility.

Sanitary sewer makes sense for a commercial facility such as this and the changes in facility planning boundaries will make this option a reasonable option. If you have any further questions, I may be contacted at 330-812-3857 or bhasenyager@schd.org.
